

AFL Switzerland Rules - 2022 Amendments

The following amendments have been made to the AFL Switzerland Rules and Regulations in the lead up to the 2022 Premiership Season.

Match Duration

- Seniors matches will now be played in 4 quarters of 18 minutes. Quarter time breaks are 6 minutes. Half time is 12 minutes.

Maximum Squad Size

- Medical sub: In light of the match length in the seniors being increased to 72 minutes, one medical sub has been introduced that can replace an injured player during a match

Top up Players / Forfeits

- No restrictions on top up players in the reserves: This was put into practice in 2021 and has retroactively been amended in the rules & regulations document. There are no longer any restrictions on top up players in the reserves.
- Forfeit score: Also in light of the match length in the seniors being increased to 72 minutes, the score received for a forfeit in the seniors has been increased to 100-0 to more accurately reflect a heavy win in a longer match.
- The forfeit score for reserves matches has been changed to 75-0, to more accurately reflect the 60 minutes of match time.
